Les passe-temps	Hobbies Sports I can explain what I do in my free time	

Quelques astuces:

- Organise your time: draw a plan on the number of topics and how you are going to organise your study: am I doing revisions 3-4 times a week for 10-15 minutes? Have I checked my copy/OneNote corrections? Don't leave it all until the last minute!
- While revising, use OneNote to go through each section as well as your portfolio, your carnet and cahier (attention to correction and oral/written feedback).
- Check the subsection 'Petit Quiz' in the Content Library as this is a good glance of what we have done over the year – feel free to copy/paste these exercises on your own class notes and attempt them – corrections are available in that same page.
- Have some study buddies! Some students benefit from revising in groups. If you think this can be you, organise with a group of friends to share notes/feedback and work collaboratively.
- Make it fun! Quizzlet, Kahoot and Blooket can be handy, especially while on the bus or train.
- Any questions, don't hesitate to ask in class!
